

IEEE International Consumer Life Tech Conference

Final Call for Papers and Participation

Final Submission Date extended to 28 October 2024

The goal of this conference is to bring together engineers, scientists, and healthcare professionals to exchange ideas, and learn from each other. Bringing different disciplines together, provides opportunities for cross disciplinary research, which can lead to major breakthroughs. The main theme is: ***“AI, Consumer Technology, and Life Science/ Technology working together to benefit humanity”***.

Authors may submit their work for publication in the conference proceedings which will be published on IEEE Xplore (4 pages). Alternatively, authors may choose submission to the Transactions on Consumer Electronics in the category Letters (2 pages). See the conference website for more details.

Presentations can be made as oral presentations in Sydney (main conference site) or one of the satellite sites. The satellite sites are Hyderabad (India) and Guangzhou (China). Online presentations are also available, as are face to face poster presentations.

For the list of topics, see the conference website. <https://www.ieeeict2024.com>

Due to requests from authors, the final submission date has been extended to 28 October 2024.

This conference is a new initiative, that offers a unique opportunity to collaborate within the fast-growing Life Tech Community. Make your mark by joining us and showing the world your high quality work. We look forward to meeting you.
